Testdocument van pagina's

Startpagina, Nieuws, Verzameling

Alle drie pagina's zijn niet responsief voor een mobiel. Maar daar is deze opdracht voor om dat te regelen.

Dit is de weergrave van de drie pagina's die ik ontwikkel hebt. Zoals je ziet is het echt nie reponsief. De nieuwspagina valt wel mee. Daarmee moet minder aangepast worden. De startpagina en de verzameling pagina moet flink wat aangepast worden in de stylesheet.

Zo moet de startpagina eruit moeten zien na opdracht 2

Tech Brothers Spectre terug als exploit voor Windows- en Linux-apparaten Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic type setting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem I psum It is a long established fact that a reader will be distracted by the readable content of a page when looking at its layout. The point of using Lorem Ipsum is that it has a more-or-less normal distribution of letters, as opposed to using 'Content here, content here', making it look like readable English. Many deskt op publishing packages and web page editors now use Lorem Ipsum as their default model text, and a search for 'lorem ipsum' will uncover many web sites still in their infancy. Various versions have evolved over the years, sometimes by accident, sometimes on purpose (injected humour and the like). There are many variations of passages of Lorem Ipsum available, but the majority have suffered alteration in some form, by injected humour, or randomised words which don't look even slightly believable. If you are going to use a passage of Lorem Ipsum, you need to be sure there isn't anything embarrassing hidden in the middle of text. All the Lorem Ipsum generators on the Internet tend to repeat predefined chunks as necessary, making this the first true generator on the Internet. It uses a dictionary of over 200 Latin words, combined with a handful of model sentence structures, to generate Lorem I psum which looks reasonable. The generated Lorem Ipsum is therefore always free from repetition, injected humour, or non-characteristic words etc. Geschreven door Lorem Ipsum op 20-05-2021 16:00.
